

**MEMORANDUM OF UNDERSTANDING BETWEEN THE SCOTTISH CHARITY
REGULATOR AND THE SCOTTISH HOUSING REGULATOR**

Purpose

1. The purpose of this Memorandum of Understanding (MOU) is to set out how the Office of the Scottish Charity Regulator (OSCR), and the Scottish Housing Regulator (SHR) will work together within their respective policy and legislative frameworks in order to regulate charitable registered social landlords (RSLs) in Scotland.

Context

2. SHR is the independent regulator and registrar of social landlords in Scotland. OSCR is the independent regulator and registrar for Scottish charities. Over 95% of RSLs in Scotland are registered charities and both SHR and OSCR have a role to play in protecting the interests of tenants, service users and charitable assets. However, given that the core business of charitable RSLs is the provision of affordable housing and the delivery of housing related services SHR and OSCR have agreed that SHR will act as the lead regulator for charitable RSLs. This MOU sets out what this means in practice.

3. SHR and OSCR have distinct statutory responsibilities in relation to the regulation of charitable RSLs. This MOU aims to support joint working arrangements on the areas of interface between SHR and OSCR in order to ensure that both organisations fulfil their statutory responsibilities and to prevent any duplication of regulatory effort and any unnecessary burden on charitable RSLs.

4. This MOU does not affect the statutory responsibilities of SHR and OSCR. It does not imply any transfer of responsibility from one organisation to the other, nor does it imply the sharing of statutory responsibilities. This MOU is not a contract and is not legally enforceable. However, SHR and OSCR agree to adhere to its principles and show proper regard for each other's activities.

5. Each organisation will take steps to ensure that members of staff are aware of this MOU. They will keep staff updated about it and the responsibilities it places on each individual member of staff.

Statutory Roles

SHR

6. SHR is a Non-Ministerial Office, directly accountable to the Scottish Parliament. The SHR Board of non-executive members leads the organisation by setting its strategic direction and ensuring that it achieves and carries out its functions effectively and efficiently.

7. Section 2 of the Housing (Scotland) Act 2010 (“the 2010 Act”) sets out the SHR’s statutory objective; to safeguard and promote the interests of current and future tenants, people who are (or may become) homeless, factored owners and Gypsy Travellers. The 2010 Act requires SHR to monitor, assess and report regularly on social landlords’ performance of housing activities and RSLs’ financial well-being and standards of governance, and to intervene where appropriate. SHR must also keep a register of social landlords.

8. The 2010 Act gives SHR a range of regulatory powers to deliver its statutory objective. It can:

- Use its inquiry powers to obtain the information and assurance it needs from landlords, assess risks and investigate problems;
- Set standards of governance and financial management for RSLs;
- Monitor and report on landlords’ performance in achieving the outcomes and standards in the Scottish Social Housing Charter;
- Use its intervention powers to secure landlord improvement and protect the interest of tenants, homeless people and other service users;
- Require RSLs to notify it about the outcome of tenant consultation, certain disposals of land and assets, and constitutional and organisational changes;
- Set registration and de-registration criteria for RSLs.

9. SHR’s approach to risk-based regulation is set out in its [Regulatory Framework](#) for social housing in Scotland. Registered subsidiaries of an RSL parent are also expected to comply with the standards set out in the Framework. SHR also expects that a parent RSL of a non-registered subsidiary will ensure that the organisation is well governed and managing risks. SHR’s powers to carry out inquiries and obtain information relating to a social landlord extend to bodies connected with a social landlord, such as a subsidiary organisation.

10. SHR’s level of engagement with an RSL will depend on the level of assurance it needs, taking account of the impact, probability and manageability of potential or actual risks. SHR publishes an engagement plan for each landlord based on its assessment of risk setting out how they will engage with the landlord. Engagement plans for RSLs also include the landlord’s regulatory status.

OSCR

11. OSCR is a Non-Ministerial Office, directly accountable to the Scottish Parliament. The OSCR Board of non-executive members is responsible for strategy and future direction, oversight and governance.

12. OSCR is established under the Charities and Trustee Investment (Scotland) Act 2005 (2005 Act) and is the regulator of charities in Scotland. Section 1(5) of the 2005 Act sets out OSCR's general functions:

- To determine whether bodies are charities;
- To keep a public register of charities;
- To encourage, facilitate and monitor compliance by charities with the provisions of the 2005 Act;
- To identify and investigate apparent misconduct in the administration of charities and to take remedial or protective action in relation to such misconduct; and,
- To give information or advice, or make proposals, to the Scottish Ministers on matters relating to OSCR's functions.

13. OSCR's [Business plan](#) sets out the regulatory priorities for OSCR. These set out issues and risks affecting charities where OSCR's activities should be targeted to enable the delivery of smart, responsive and effective regulation that positively impacts Scotland's charity sector and its beneficiaries.

Objectives of the Memorandum

14. The primary objectives of this MOU are to:

- Promote the duty on both organisations to communicate;
- Ensure that SHR and OSCR fulfil their statutory duties in the most effective way possible;
- Minimise the burden of regulation for RSLs in Scotland registered as charities; and,
- Set out the ways of working between OSCR and SHR in which SHR will act as lead regulator.

Information handling

15. Both organisations will ensure that information shared will be handled in accordance with relevant information management legislation, including the Data Protection Act 2018 (DPA) and Freedom of Information (Scotland) Act 2002 (FOISA). Personal data will only be processed for the purpose it was provided or for reasons compatible with that purpose. Personal data will not be shared further with other third parties, unless there is a lawful basis to do so.

16. Each organisation will ensure the security of shared information and store it appropriately with relevant access permissions. Routine information will be shared by email, with sensitive or confidential information to be shared by Objective Connect. Both organisations will ensure information is retained for the appropriate length of time as set out in their retention and disposal policy.

17. If one organisation receives a FOISA request where information provided by the other organisation is within scope of the request, it will consult with the originating organisation when considering its response to the request.

Areas for Co-operation

18. RSL Governing body members (who are the charity trustees of a charitable RSL) must act in a way that fulfils their duties under both the 2010 Act and the 2005 Act. This includes ensuring that they act in the interests of the RSL. In exercising its regulatory functions, SHR (as lead regulator) will always consider whether an RSL is a registered charity and the implications of this status. This will include considering whether governing body members, acting as charity trustees, are carrying out their business in a manner which is consistent with their organisation's charitable purposes and their governing document.

19. OSCR and SHR have adopted the 'lead regulator' model in respect of dual-registered charities. This allows SHR to take the lead in substantial business with these charities without negating the legal requirements in respect of each regulator. This enables both OSCR and SHR to minimise the burden of dual regulation and keep requirements proportionate.

20. The following sets out how OSCR and SHR will co-operate on matters of mutual interest.

Annual Return Process

21. SHR and OSCR require RSLs to complete annual returns that provide information about governance and audited annual financial statements. OSCR requires all charities to submit charity trustee details. OSCR publishes the first and last names of charity trustees on the register entry and will publish the audited annual financial statements.

Performance Monitoring

22. SHR will take the lead role in monitoring how charitable RSLs deliver their housing services, their financial well-being and their standards of governance. The [Regulatory Framework](#) sets out how it carries out its regulatory role. SHR will publish information about RSLs' performance in the annual Landlord Report. SHR will publish an engagement plan for each RSL based on its assessment of risk setting out how it will engage with the RSL and the RSL's regulatory status. SHR will advise OSCR if it changes a charitable RSL's regulatory status.

23. To enable SHR to fulfil its statutory responsibility OSCR will provide the objectives and operational details of any monitoring programme relating to annual returns and accounts that will be conducted.

Notifiable Events

Constitutional and organisational changes

24. The 2010 Act requires RSLs to notify SHR about the outcome of tenant consultation, certain disposals of land and assets, and constitutional and organisational changes. In considering notifications, SHR will seek assurance that the RSL complies with all regulatory requirements and consider the risk to its regulatory objective. It will also consider whether any changes made are consistent with an RSL's charitable status and advise OSCR if any concerns arise. The process for notifying SHR about constitutional changes is set out in Appendix 2 of SHR's guidance on [Notifiable Events](#).

25. SHR's [Regulatory Framework](#) (standard 2.5) also requires RSLs to notify SHR about significant events such as those which put at risk the interests of safety or tenants and other service users; the financial health of the RSL, public investment or the confidence of lenders; or the governance and reputation of the individual RSL or the RSL sector. Examples of Notifiable Events are contained in the [SHR's published guidance](#). This includes significant events relating to the governance and financial management of an RSL, for example, when an RSL has breached charitable obligations or it no longer meets the charity test.

26. An RSL seeking to change its charitable objects requires OSCR's consent before it does so. The exception to this is an RSL wishing to update its objects to those in the Scottish Federation of Housing Associations Charitable Model Rules (Scotland) 2013 (as amended 2020). In this case, the RSL is not required to seek OSCR's consent but must notify OSCR when it has made the change.

27. An RSL wanting to become a charity must apply to OSCR for charitable status.

Events of Material Significance and Significant Impact

28. Section 72 of the Housing (Scotland) Act 2010 places a duty on external auditors and reporting accountants to disclose events of material significance to SHR. A piece of information that has material significance may include anything that seriously threatens the stability of an RSL's finances, operations, reputation or legality. Further information about section 72 disclosures is contained in [SHR's published guidance](#).

29. SHR will seek assurance from an RSL that it has an effective strategy in place to deal with the circumstances giving rise to a Notifiable Event or a section 72

disclosure in order to protect the interests of the organisation. SHR will assess whether it is necessary to assist or intervene to protect the interests of tenants and others, public investment and the reputation of the sector.

30. SHR will inform OSCR within five working days where it considers that the circumstances of a Notifiable Event or a section 72 disclosure constitute a serious matter around governance or financial mismanagement, and which may lead OSCR to consider regulatory action. This may include, but is not limited to, the following situations:

- Serious or sustained mismanagement or misconduct by governing body members;
- Improper or illegal activity by governing body members; and
- Fraudulent activity by governing body members or their involvement in the acceptance or giving of bribes from/to other persons.

31. SHR will take the lead role in any inquiry arising from a Notifiable Event or a section 72 disclosure.

Complaints

32. Landlords have responsibilities towards tenants and other service users. OSCR and SHR will refer individual complainants about an RSL to the RSL in order to give the landlord an opportunity to put things right. This may ultimately lead to a referral to the Scottish Public Services Ombudsman (SPSO). There is further information about complaints about RSLs in our [Regulatory Framework](#) and our published factsheet.

33. OSCR will also refer information about a complaint to SHR within five working days of risk assessing the concern where it receives a complaint which indicates there may be a concern about:

- The RSL's standards of governance;
- The RSL's overall service delivery; and/or
- A serious concern on the part of the landlord. This is where a landlord fails to do something or takes action that puts tenants' interests at risk. It will normally relate to the landlord's failure to meet its legal requirements or tenant commitments, and it affects a group of the landlord's tenants. It could relate to services provided to tenants, governance or financial matters. SHR will consider the issue in accordance with the process set out in the [Regulatory Framework](#) and its factsheet '[Complaints and serious concerns – information for tenants and service users of social landlords](#)'.

34. In these cases, SHR may make further inquiries with the landlord to establish the circumstances and whether it will need to act to protect tenants' and service users' interests.

Inquiries

35. SHR and OSCR both have statutory responsibilities to investigate issues of regulatory concern and to take appropriate action to protect the rights and interests of tenants, service users and charitable assets. SHR will take the lead role in carrying out an inquiry into the matters of concern.

36. Concerns about the administration, governance or financial management of a charitable RSL may come to light in several different ways such as through a complaint by a tenant or other service users, by a whistleblower, through a Notifiable Event, disclosure under section 72 of the 2010 Act or through routine regulatory engagement.

37. Where the information of concern is raised with, or identified by OSCR in the first instance, OSCR will pass the information to the SHR within five working days of identifying it to one of the points of contact named in Appendix 1 and provide any relevant information to allow the SHR to undertake an inquiry.

38. SHR will notify OSCR where, in the course of carrying out an inquiry, it considers that information available to it indicates a serious concern around the governance or financial mismanagement of a charitable RSL and which may lead OSCR to consider taking regulatory action. This may include, but is not limited to, the following situations:

- Serious or sustained mismanagement or misconduct by governing body members;
- Improper or illegal activity by governing body members, including fraudulent activity by governing body members or their involvement in the acceptance or giving of bribes from/to other persons;

Criminal Offence

39. Where it appears that a criminal offence may have occurred SHR and OSCR will liaise with Police Scotland, the Crown Office and Procurator Fiscal Service both jointly where appropriate and separately in line with their respective regulatory responsibilities.

Dispute Resolution

40. Both organisations are committed to joint working to enable better regulation of charitable RSLs, and disagreements will normally be resolved by discussions between operational staff. Where this is not possible, the issue may be escalated initially to the contact points for each organisation listed in Appendix 1 who will aim to resolve the issue. Thereafter, it may be escalated to the Chief Executive Officers of both organisations who will be jointly responsible for reaching a mutually satisfactory resolution.

Review

41. This MOU came into effect on 9 July 2026. Both organisations will meet at least annually to review its operation. In addition, the MOU will be reviewed:

- In the event of any significant changes to the legislative and regulatory framework of guidance for each organisation; or
- At the request of either organisation.
